DESIGN GUIDE

- All tickets are 2" x 4" (actual size shown to the right) →
- Since each ticket is perforated and fan-folded into stacks, no printing bleeds are allowed.
- Tickets can be full color or b&w (the same cost on custom tickets!)
- Your design should not contain large areas of solid-color ink or reverse print (light type on dark backgrounds).
- You can use a Zoltar image on the front, or your own logo or character.
- Fronts and backs of the tickets cannot be matched. So either all the fronts would be the same and the backs would be randomized, OR all the backs the same and the fronts randomized. So, front images and fortunes on back cannot be matched together.
- We can print your tickets on white or Canary Yellow stock.
NOTE: White stock is best if using colors in your design and if you want them to remain a certain color (ie. logos, etc.) Note: If your tickets are printed on yellow stock, the blues will look green; on white they will stay blue.
- If designing your own ticket, line art (vector) is a better choice instead of a photo (if possible).
- Send us a sample of your ticket design to make sure everything is correct before you design them all!

FORTUNES

You can provide your own fortunes — they can be naughty or nice! We've seen everything from tickets for Rue Paul to tickets for a local birthday party!

Don't know what to write? Here are some suggestions:

- For a Harley-Davidson themed event or ticket:
"I see you riding off into the sunset on a brand new limited edition sportster as soon as your wife gives you the credit card!"
- Think of also offering a prize or giveaway within the fortunes. (For example, a free t-shirt, coffee mug or a golden ticket! We can print tickets with shiny gold accents!) You set the quantity and giveaway items.

Don't have time?

No problem! We have a variety of generic fortunes ready-to-go! We can add your logo or message at bottom.

Customize the back of your Zoltar ticket to match your theme!
